## SUPPORT LOCAL AND SHOP LOCAL

With the holiday season fast approaching, it is all too easy to fire up that smartphone, tablet or computer and shop on Amazon. With a few clicks your item is on its way. Did you ever ask, how much money from that online purchase comes back to our community? Well shocking – the answer is \$0. Small local businesses support the local economy, and should be supported by locals. Our community offers such a variety of choices, from small retail stores, artisans selling from their homes, food from local agriculture to gadgets from local manufacturers. Chances are that item you placed in your E-Cart could have been made or purchased locally. So this Holiday Season, Choose Local First.

## FRASER LAKE VISITOR CENTRE AND MUSEUM

The Visitor Centre and Museum has now closed for the 2018 summer season. The Village would like to thank the Historical Society for operating the Centre again this year. The Historical Society used over 500 volunteer hours to operate from May to September. A huge thanks to Ruth Schmidt for organizing the schedule and volunteering the most. The Visitor Centre played a vital role this summer passing along accurate wildfire updates and travel information to tourists, evacuees and residents. With this year's area wildfires, the visitor centre recorded a 26.68% reduction in visitors from 2017. Similar decreases of tourists were recorded along the Highway 16 corridor.

In order to be eligible for this service the person registering must be 65 years of age or older, must be the registered owner of the property for which the snow clearing is requested, and must reside at that property.
