

NOTICE OF CONSTRUCTION

Reservoir Fill Line, Utilities and Road Upgrades

October 19th, 2026

Dear Residents,

This notice is to inform you of upcoming work on Tunasa Drive, Tunasa Crescent and Carrier Crescent for the week of October 19th.

Work this week includes:

- Driveway paving: to be completed October 19th!
- Grading & Shouldering: shaping of roadside ditches and drainages; and placement of gravel along the edges of the roads.
- Grouting: underground utilities will be grouted.
- Yard restoration: topsoil placement and seeding on disturbed areas.
- Line Painting: cross walks and stop bars will be painted soon. The date for this work is still to be confirmed, but we will provide an update as soon as possible.

As work is wrapping up, we want to kindly remind the community that crews and equipment are still working in the area. Please continue to use caution when driving through work zones, and watch for workers and equipment that may move unexpectedly.

We appreciate your patience as we navigate the finishing touches of this project, and the weather-dependent work that is subject to last-minute schedule changes.

If you have questions or concerns, please contact our site representative below.

Stephen Vickers	250-608-8425
-----------------	--------------

Your continued cooperation is greatly appreciated.

Sincerely,
Dawson Civil
